VII. College Essay

Many colleges require students to write a college essay of approximately 650 words or less. Which of the colleges you are thinking about applying to require you to write a college essay?

UMass Amherst	WPI
North Eastern	Western New England
Wentworth	MIT

Most colleges that require an essay have similar options for topics, so students can send the same essay to all of their schools. The essay prompt options for all Common App Schools are as follows:

1. Some students have a background or story that is so central to their identity that they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you challenged a belief or idea. What prompted your thinking? What was the outcome?
4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma - anything that is of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution.
5. Discuss an accomplishment or event, formal or informal, that marked your transition from childhood to adulthood within your culture, community, or family.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.

Which essay prompt would you choose?

| 8. Reflect on a time when you challenged a belief or idea. What prompted your thinking? What was the outcome? |

Who would you ask to edit your essay? Either my mother or father.

VIII. Financial Considerations

In January of your senior year, you will complete the FAFSA and send it to the colleges that you applied to.

The FAFSA is used to determine your Estimated Family Contribution (EFC) or how much a family is expected to pay out of pocket toward one year of educational expenses. The financial aid office at each of your schools will subtract their cost of attendance (tuition, fees, room & board, books & supplies, other education expenses) from the EFC calculated through your FAFSA in order to determine what your financial need is to go to their school. Then, they will put together a financial aid package consisting of scholarships, grants, and federal loans to make up the difference between their cost of attendance and the amount of money your family is expected to pay without assistance (EFC).

To find the **cost of attendance** you can use the college's website or you can look up the school on Naviance and research under **the Financial Aid Tab**.

Use an EFC calculator, like the one at <https://bigfuture.collegeboard.org/pay-for-college/tools-calculators> to get an estimate of what your **EFC** will be.

Calculate an estimate of what each college will determine your **financial need** to be for attending their school. Please note that the formula is **Cost of Attendance – EFC = Financial Need**. (If you do not want to use your own EFC, use the example EFC number to do your calculations.)

College Name	Cost of Attendance	EFC	Financial Need
<i>Example: University ABC</i>	<i>\$40,000</i>	<i>\$6,000</i>	<i>\$34,000.00</i>
WPI	\$51,604	\$5,285	\$46,319
MIT	\$73,160	\$5,285	\$67,875
Wentworth	\$34,970	\$5,285	\$29,685
North Eastern	\$65,503	\$5,285	\$60,218
UMass Amherst	\$29,876	\$5,285	\$24,591
Western New England	\$51,388	\$5,285	\$46,103

Your living situation and mode of transportation are important to plan for and may vary from school to school. List information about where you plan to live (eg. on campus, in an apartment, at home) and what your form of transportation you would use in the case of each school.

Do not include the cost of housing or transportation, if it was calculated in the Cost of Attendance on the previous page.

Please note that some colleges do not allow freshman to have a car, if they are living in the dormitories.

College Name	Housing	Est. Cost Per Month	Transportation	Est. Cost Per Month	Total Cost
<i>Example: University ABC</i>	<i>On Campus</i>	<i>Included</i>	<i>Subway/Bus</i>	<i>\$84.50</i>	<i>\$760.50</i>
WPI	Home	\$100	Car	\$85.00	\$185
Wentworth	On Campus	\$1125	Subway/Bus	\$30	\$1155
MIT	On Campus	\$785	Subway/Bus	\$30	\$815
North Eastern	On Campus	\$723.33	Subway/Bus	\$30	\$753.33
UMass Amherst	On Campus	\$604.17	Subway/Bus	\$40	\$644.17
Western New England	On Campus	\$1120	Subway/Bus	\$30	\$1150

There may be other expenses that you will need to consider when creating a budget for while you are in college that will likely be more stable expenses across schools. Please fill out the estimated expense information below.

Item	Cost Per Month	Item	Cost Per Month	Item	Cost Per Month	Total Cost
Utilities	Not yet available	Laundry	\$0	Health Care	Not yet available	
Phone	Not yet available	Recreation	Not yet available	Other	Not yet available

Financial aid is comprised of gift aid that you *will not* need to pay back like grants and scholarships and self-help aid like loans that you *will* need to pay off. Colleges use preferential packaging to determine how much gift aid and how much self-help aid to give you.

Safety schools typically offer the most scholarship money because you would be a strong student at these colleges.

Fit schools typically will offer a combination of scholarships and loans.

Reach schools typically will not offer much scholarship money because you would not be considered a strong applicant. Instead, they offer loans that you will have to pay back.

The following is an example of preferential packaging at College X for three different students:

	Difficulty Level	Grants/Scholarships	Loans
Student A	Safety	\$35,000	\$0
Student B	Fit	\$20,000	\$7,500
Student C	Reach	\$0	\$35000

Look at your financial need for attending each school on your list and the other costs of going to each school that you listed. Based on that information and how preferential packaging works, **which schools will likely be the most affordable for you to attend?**
